## RecoveryPro

### Features

- Ease of Use – The built-in implementation guide walks your team through the entire process while project tracker helps organize tasks.
- Total Form Integration – Complete the interactive forms and the information drops into all necessary parts of the manual.
- Fully Customizable – Every part of the working manual can be edited. Add credit union pictures and graphs in a snap.
- Publish Manuals – Manuals may be published in several formats to allow the sending of sections to others working on disaster recovery projects.

### Benefits

- RecoveryPro brings the functionality and features of our competitor's product for a fraction of the cost.
- Published manuals may be backed up on an external, secure server network, and clients can receive program patches and updates free of charge.
- Meets NCUA requirements for all federally insured credit unions to have a written and tested disaster contingency plan.

Receive information, ideas, and strategies that will help make disaster planning a permanent component of the credit union and that will allow the ability to resume normal daily operations in an expedient manner should disaster strike. More information is available on the Web at [www.hrvaluegroup.com](http://www.hrvaluegroup.com).

Contact HRValue Group today to develop a plan and avoid disaster!
